# 3 SHOTS Per Second with Canon's Trigger-Action!

Finger-Powered  
"Motor-Action" does it!

... and Canon quality  
starts at a mere \$229!

Yes, actual performance tests prove you can fire away at 3 shots per second—with Canon's finger-powered "Motor-Action"! No wonder Canon VT Deluxe has become the standard tool of pro's on every continent . . . who demand top speed *plus* all the advanced features and superb workmanship of Canon. And it's all *in* the camera . . . no outside gadgets to risk failure!

If you are a *selective* buyer of cameras, a comparison of Canon and the other great 35's . . . feature for feature, dollar for dollar, will prove how Canon sets a *new standard* in 35mm value.

Check Canon's unique tri-position viewfinder with magnified focusing, as well as full-frame fields for 50mm and 35mm lenses . . . look through its automatic parallax-compensating auxiliary viewfinders . . . test its easier-loading, fully-hinged back with anti-curl pressure rollers—all this, combined with the incomparable Canon lenses! You'll agree Canon *stands alone* among the top bracket 35's! Compare for yourself—*today!*

Canon L-1 with lever wind, Canon 50mm f2.8 lens, \$229; 50mm f1.8 \$269.50;  
Canon VT Deluxe with trigger action and Canon 50mm f1.8 lens, \$299.50;  
Canon VT Deluxe with trigger action and 50mm f1.2, \$399.50.

with an  
ANSCO 35mm EASY-LOADER

The price you pay normally for five 20 exposure magazines of 35mm color film gets you 8 rolls of Anscochrome in an Anasco Easy-Loader.

That's because you're buying fresh, tongued, notched and frame-numbered loads in a convenient daylight bulk loader. This means that you can load empty cartridges easily and economically in ordinary room light. And all at less money (33% less) than you would normally have to pay.

And just think of the convenience of having eight 20-exposure rolls on hand. Enough for any picture taking spree—even on extended vacations!

Most important, of course, is the fact that Anasco Easy-Loaders give you 8 rolls of superb Anscochrome, a film that provides the ultimate in color brilliance and clarity . . . film speed 32! It's the world's finest color film.
